

# RXT® 260

This ultra-fast watercraft comes with iControl™ features for awesome performance and handling. And it seats up to 3 lucky riders.

MUSCLECRAFT | 2011

## iBR iTC S<sup>3</sup> CLCS Specifications

### DIMENSIONS

Length.....	139" / 354 cm
Width.....	48" / 122 cm
Height.....	45.9" / 116.6 cm
Weight (dry).....	845 lb. / 383 kg
Rider capacity.....	3
Fuel capacity.....	15.9 gal / 60 l
Storage capacity.....	13.7 gal / 52 l

### ENGINE

Type.....	<b>1503 XHO Rotax® 4-TEC® engine*</b>
Intake system.....	Supercharged with intercooler, 60 mm throttle body
Bore x stroke.....	100 mm x 63.4 mm
Displacement.....	1,494 cc
Compression ratio.....	8.4:1
Cooling.....	Closed-loop cooling system (CLCS)
Fuel type.....	87 octane – minimum 91 octane – recommended

### DRIVE UNIT

Propulsion system.....	Sea-Doo® Direct Drive
Jet pump.....	Aluminum, axial flow, single stage, large hub with 10-vane stator
Transmission.....	iBR™
Impeller.....	Stainless steel

### ELECTRICAL

Ignition.....	Digital induction
Starter.....	Electric
Battery.....	12 V

### HULL AND COMPONENTS

Type.....	S <sup>3</sup> ™ Hull
Color.....	Bright Yellow

Tilt steering & information center

Reboarding platform

Flowing edge design

Hinged seat

Ski tow hook

Quick latch fuel filler design

# Standard Features

# RXT 260

MUSCLECRAFT | 2011

## HULL AND COMPONENTS

iControl .....	The "Brain" that integrates and controls all systems to create the best possible ride.
S <sup>3</sup> Hull .....	Stepped, stable & strong. Lightweight material, ribbed and stepped. Creates a low-pressure zone to reduce drag for nimble handling and rail-tight cornering.
Touring / Sport mode.....	Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Set button. It provides all acceleration performance for a more aggressive throttle response.
Hinged seat.....	Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.
Watertight, removable storage bin.....	Provides dry storage for luggage and necessities with easy access.
Tilt steering .....	4 adjustable steering and information center angles for maximum ease and comfort.
Fold-down reboarding step.....	Makes reboarding from the water easier and quicker.
Bow and stern eyes .....	Designed for towing or securing the craft to a trailer or dock.
Carpeted footwells .....	Offer extra comfort, non-skid surface and great looks.
Ski tow eye .....	For easy and secure attachment of ski rope.
Multifunction Digital Information Center .....	Reports 27 key operating functions: Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Fuel consumption meter, Water temperature, Touring / Sport mode, Cruise control, Slow mode, VTS™, VTS preset, F-N-R indicator, Low fuel level, Low oil level, Low oil pressure, Low voltage, Overheat, Hi voltage, Check engine, Sensor check, Battery protection, Key (wrong key), L-Key / R-Key, Maintenance info, Error codes.
Digitally Encoded Security System (D.E.S.S.™) .....	Industry's first digitally encoded theft-deterrent system.
High-performance electric Variable Trim System (VTS) .....	Provides pre-set positions for quick settings when adjusting boat trim, maximizes acceleration and high-speed stability.
Foam flotation .....	Ride with security and peace of mind. Meets or exceeds USCG standards.
Off-Throttle Assisted Steering (O.T.A.S.™) .....	Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
Quick latch fuel filler design .....	Dual drain plugs
Sponsons .....	External exhaust cooling flush attachment
Bumpers .....	Special comfort hand grips
Adjustable mirrors .....	Emergency floating lanyard
Reboarding platform .....	Cut & sew seat with multi colors
Reboarding handles on rear platform .....	Seat strap
Rear grab handle .....	Operator's guide, instructional video and booklet
Front splash deflector .....	

## OPTIONS

3-position retractable ski pylon .....	Removable dry bag for front storage
Removable wakeboard rack .....	Glove box organizer
Depth finder .....	Safety kit
Ski mode .....	Sandbag anchor
Time/distance to empty .....	Speed Tie™
Altitude .....	Protective cover
Top/average speed/RPM .....	Advanced TEC trailer
Lap timer .....	Fire extinguisher
Engine temperature .....	

## WARRANTY

BRP limited warranty covers the watercraft for one year.

## ENGINE

Supercharged, intercooled 1,494 cc four-stroke, Rotax with four valves per cylinder .....	Supercharged, intercooled 1503 XHO Rotax 4-TEC engine provides reliable ultra-high performance in fresh or saltwater, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
iTC™ (Intelligent Throttle Control) system .....	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific cruise control, Touring / Sport mode and Variable Trim System that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl Learning Key™ .....	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level. Each of the two settings can be fine-tuned using the mode/set buttons.
Multi-port fuel injection .....	Better control of exhaust emission and power at all RPM ranges to reduce emissions and reduce fuel consumption.
D-Sea-Bel™ system .....	Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Water-cooled exhaust pipe .....	Regulates exhaust temperature.
Closed-loop cooling system .....	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
Water/air separator .....	Provides maximum airflow to engine and reduces water intrusion.
Watertight digital ignition .....	Provides optimal energy for a consistent spark, ensuring maximum performance.
RPM limiter .....	Protects engine from over-revving.
Warning device .....	Warns operator of engine and exhaust overheating, engine management and system failure.
Handlebar-mounted start/stop button .....	Engine starts and stops with single, user-friendly control button.
Tip Over Protection System (T.O.P.S.™) .....	Protects engine in case of turn over.

## PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system .....	The world's only on-water braking system, iBR lets you stop up to 100 feet sooner than any other watercraft <sup>1</sup> . All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Sea-Doo Direct Drive propulsion system .....	Delivers optimum performance with the Rotax engine.
Aluminum stator vanes .....	Handles the high-performance engine without erosion.
Replaceable UHMW* .....	Provides long impeller life, less maintenance and maximum thrust.
Dual automatic vacuum siphon pumps .....	Continuously removes water entering the engine compartment.
Large diameter drive shaft .....	Maintains engine and pump alignment at all operating speeds.
Stainless steel impeller .....	Delivers improved acceleration, higher top speed and less cavitation.
